SANTIAGO MANSO CASTRO

FRONTEND DEVELOPER

EXPERIENCE

Frontend Developer (Next.js/React-Native)

Rockets Lab | Madrid, Spain

04/2024 - Current Date

- Integrated a development team to build a React Native app for iOS and Android, focusing on user authentication with Firebase, including social logins and Magic Link functionality.
- Implemented a feature allowing users to take photos and virtually try on outfits from brands like Zara and Gucci, using our own AI trained model to return the image with the new outfit to the user.
- Implemented global state management using Redux, improving app performance and maintainability.
- Contributed to the development of user dashboards and internal tools using Next.js, enhancing company operations and user experience.

Frontend Developer (React.js / React-Native)

Equisalud | Madrid, Spain

02/2023 - 01/2024

- Contributed to the development of three health-related React Native apps that utilize laser and radio frequencies for therapeutic purposes, improving user health management.
- Developed a React.js and Express.js dashboard to track user IDs, device TAGs, and subscription statuses, ensuring efficient user and subscription management.
- Implemented role-based functionality within the dashboard, enhancing user experience and administrative control.
- Collaborated with UX/UI teams to provide insights and feedback, improving the overall design and functionality of the applications.

Frontend Developer (Next.js)

Regulars | Copenhagen, Denmark

08/2022 - 01/2023

- Enhanced proficiency in the T3 stack (Next.js, TypeScript, Prisma, MongoDB) by contributing to a SaaS product for the hospitality industry.
- Developed features for digital membership cards, enabling restaurants and bars to offer rewards through a QR code system, improving customer engagement and loyalty.
- Implemented authentication using NextAuth, managing user roles and ensuring secure access to the platform.
- Collaborated on the design and functionality of digital membership cards, enhancing the user experience and visual appeal of the service.
